

GERMANY ACCEPTS DAWES' REPORT Republican Caucus Passes Buck On Vital Issues

FINDINGS OF EXPERTS ARE ACCEPTED IN PRINCIPLE

BERLIN, April 14.—(By the United Press)—The German government today formally accepted in principle the report of the reparations experts. Announcement came after meeting of the cabinet and the cabinet.

LONDON, April 14.—(By the Associated Press)—If the Dawes report is acceptable to the other allied governments it may be taken for granted that no obstacles are likely to be encountered here on the question of its adoption. This is the nearest to an official expression obtainable regarding the progress the British officials have made in their examination of the reparations experts' recommendations.

British interest in the reparations situation today is centered upon the meeting of the committee of the German federal states with the cabinet of the Reich in Berlin. Their decision on the acceptability of the report is expected Wednesday.

Coolidge, Strengthened By Support Given Him In Primaries, Begins To Crack Whip In Washington

BY DAVID LAWRENCE
(Copyright, 1924, by The Times.)
WASHINGTON, April 14.—A busy week it has been in Presidential politics and in legislative developments in the National Capitol. President Coolidge himself has furnished the climax—the demand that Senatorial investigations be conducted within constitutional limits which carries with it the implication that the executive feels he can express what seems to him a growing resentment against government by investigation.

Greeks Vote To Establish Republic

ATHENS, April 14.—(By the Associated Press)—The Greek people have voted by a large majority for the establishment of a Republican form of government to succeed the Gluckstadt Dynasty. The assembly will be divided into a senate and chamber of deputies and after the Easter vacation will elect a president, who the dispatch says, will probably be Alexander Zaimis, former premier, favored Venizelos.

To insure domestic stability and peace, discussion of the constitution will be prohibited for five years, the dispatch continues.

Stresses Faith In Government

WASHINGTON, D. C., April 14.—(By the Associated Press)—Appeal for law enforcement particularly with regard to prohibition and for faith in the government was made today by Mr. Andrew W. Mellon, secretary of the Treasury, in his address to the 33rd Congress of the Daughters of the American Revolution.

The address was in Continental Memorial Hall here where the organization holds its annual sessions with about 2,000 delegates present from practically every state. They will hear President Coolidge this afternoon, Jules Jusserand, the French ambassador, and British Ambassador Sir Esme Howard, also will speak.

President Coolidge's address will be broadcast by radio. Eight vice president generals will be elected later in the week.

May Be Victim of Mistaken Identity

CLEVELAND, O., April 14.—(By the Associated Press)—Relief that John E. Cairns, shot and killed near his home Saturday night, may have been mistaken for Patrimoine Horner Jenkins, a negro, who lives directly opposite his home, was expressed by police today as they prepared to quiz persons connected with investigations made by Jenkins during the last few months.

Jenkins has been in several shooting affairs, according to his superiors.

Japs Offended Over U.S. Exclusion Measure

TOKIO, JAPAN, April 14.—(By the United Press)—Japan views the action of American house of representatives in passing the immigration bill excluding Jap immigrants, as involving for Japan a matter of international honor and prestige. Viscount Sakatani, former finance minister and leader of public opinion, told the United Press today in an exclusive interview. Viscount Shibasaki, an equally prominent leader, added that Japan still trusts that the fairness of the American public opinion will assert itself and reject the proposal. Both express deep regret at the passage of the bill.

WASHINGTON, D. C., April 14.—(By the United Press)—By enacting the total exclusion of Japs from this country, the United States would strike at Japan's ambition to possess the Hawaiian Islands, Representative Johnson said today.

COURT BATTLE TO FREE THAW STARTS IN PHILADELPHIA

PHILADELPHIA, Pa., April 14.—(By the Associated Press)—Russell William Thaw, claimed to be the thirteen-year-old son of Harry K. Thaw, was today allowed to intervene, through a guardian, in the Thaw insanity proceedings which began in common pleas court today.

Judge John A. Monaghan, in permitting the boy to intervene, announced he could do so, not through his mother, but through a guardian. Thomas E. Cognan, of counsel for Evelyn Nesbit, was then appointed temporary guardian.

PHILADELPHIA, Pa., April 14.—Another of the many legal battles made in behalf of Harry K. Thaw, since he shot and killed Stanford White, eighteen years ago, is scheduled to start in common pleas court today.

An effort will be made to convince a jury that he is sane and thereby obtain his release from the Philadelphia Hospital for Mental and Nervous Diseases. Petition for the trial by jury to test his present mental condition was made by Thaw himself. His mother, Mrs. Mary K. Thaw, of Pittsburgh, who is "committee of his person" joined in the petition and was here today to attend the trial.

Thaw's opposition to Thaw's release, developed Saturday when his divorced wife, Evelyn Nesbit, filed a petition to intervene in the proceedings in behalf of her 13-year-old son, Russell William Thaw, whose alleged interest in Thaw's estate, she declared, would be jeopardized should he be given his freedom.

Counsel for Thaw asserts that the divorce proceedings decided that the boy was not Thaw's son.

Walter Biddle and Howard Irish, committee of Thaw's estate, valued at about \$1,000,000, are expected to oppose his release from the institution, where he has been confined for seven years.

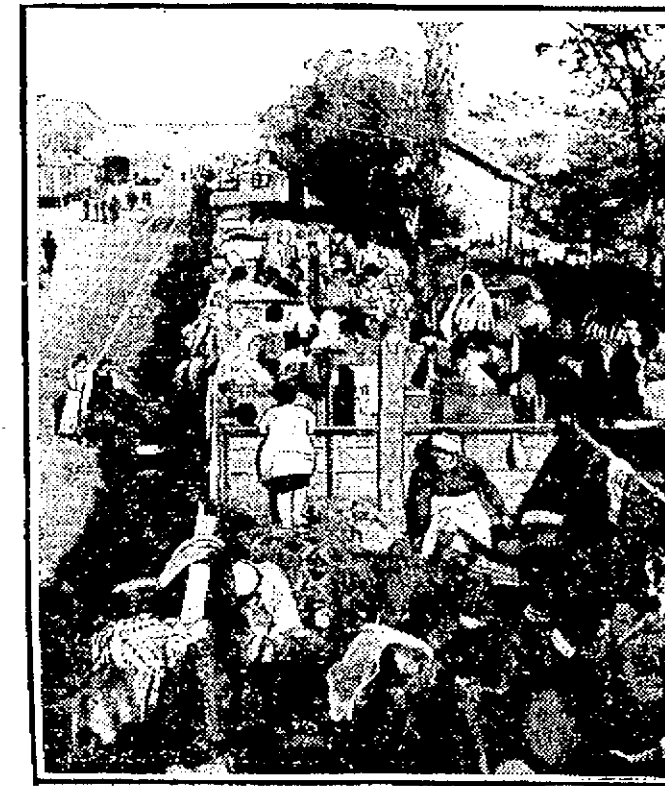

Scots Drinking Denatured Alcohol

EDINBURGH, April 14.—(By the Associated Press)—The poorer classes in Scotland are consuming denatured alcohol in increasing quantities, due to the low cost compared with other alcoholic beverages.

Aroused by the serious effects from this practice, secretary for Scotland, Adamson, has promised that after May 1, all methyated spirits except that used for furniture polish will be so treated that they cannot be used as a beverage.

Adamson said legislation would be introduced as early as possible to deal with the distribution of the spirits for use in furniture polish.

Here are first and exclusive pictures of Greek families driven out of western Thrace by the Turks. For months, footsore, weary and starving, they were on the march to Athens. Since few fortunate ones managed to reach the city, they were left to die in the above picture. Lack of water was the chief cause of death.

Madame Arrested Because She Jumped From Moving Plane

PARIS, April 14.—(By the Associated Press)—To prove the possibility of a passenger being safely set down by a low flying airplane without using a special landing gear, Madame Germaine Grandjean, aged 22, with a special parachute jumped from a speeding plane as it was crossing the Invalides Esplanade yesterday to the mingled admiration and apprehension of the crowds there waiting for a last glimpse of the King and Queen of Romania.

A strong wind was blowing at the time and instead of dropping into the Esplanade, the aviatix landed on the railroad property outside the Invalides' Terminal narrowly missing a derrick in the Seine. She was promptly arrested by police who gave her a summons to court for breaking the city's flying regulations. She appeared perfectly content at having proved her point, however.

British Premier Warns Russian Delegates Against Attempting Red Propaganda In Britain

LONDON, April 14.—(By the Associated Press)—The Anglo-Russian conference was barely under way today when Premier MacDonald took the opportunity to warn the Soviet delegates against engaging in Bolshevik propaganda in England during the present negotiations, which are certain to extend over many weeks.

The labor premier assumed his gravest manner after welcoming the Russians and Manly told them his government would not countenance propaganda of any sort from the Russian visitors.

The premier's statement was somewhat tempered and made more acceptable when he pointed out that he was not demanding anything from the Russians he would not demand from any political mission visiting this country.

The premier made it very plain to M. Rakovsky and the other Russian delegates that at the first indication of Bolshevik propaganda methods with which he as a veteran socialist is very familiar, a halt in the Anglo-Russian negotiations would be called.

Victim of Mutilation

LOUISVILLE, KY., April 14.—(By the Associated Press)—Nello Porter, 20, victim of a mutilation at his home near Sheppardsville yesterday, is in a "fairly good" condition, it was said at the hospital here today. Dr. C. G. Arnold, the attending physician, said the operation was partly successful, but that unless complications develop the youth should recover.

According to the story told by the youth, he was attacked by a stranger in his home yesterday morning after he had refused to comply with his assailant's demand for money.

Otis Porter, father of the boy, said he was at a loss to explain the motive unless, he said, moonshiners who were arrested near his home, attacked the youth.

CHIROPRACTOR SENTENCED TO SING SING FOR TWO YEARS

NEW YORK, April 14.—(By the Associated Press)—Ernest G. Meyer, a Brooklyn chiropractor, convicted of second degree manslaughter, was sentenced today to serve from one to two years in Sing Sing prison by Supreme Court Justice Magarity.

Meyer was found guilty of the death of six-year-old Caroline Germain, who died of diphtheria.

Counsel for Meyer told the court that the chiropractor had treated the little girl for two years, bringing her "from a state of helplessness to something resembling health."

In pronouncing sentence Justice Magarity said:

"You held yourself out as one competent to cure disease. Diphtheria is a serious disease. If scientifically treated the ratio of mortality is low. You took the responsibility of treating that case and you have been held accountable for it. You must take the consequences."

"Your conviction will serve as a warning to all children and to adults who have a responsibility to themselves, as well as to all persons who practice medicine illegally."

PRINCE ROLAND BONAPARTE SUCCUMBS

PARIS, April 14.—(By the Associated Press)—Prince Roland Bonaparte, noted explorer and one of the best friends of America among all the descendants of the family of Napoleon, died today after a long illness from Bright's disease.

The only son of Pierre Bonaparte, whose father was Napoleon's second brother, Prince Roland was in order of precedence the head of the Bonaparte family. Bonaparte's marriage was dissolved to Napoleon, Roland's grandfather and his issue were cut off from possible succession to the throne. Prince Roland, however, was never seriously concerned with royal aspirations as he was an earnest Republican.

Born in Paris, May 18, 1858, he was educated for a military career and was graduated from St. Cyr, but was expelled from the French army at the time when all the princes of the house except himself were banished from France.

In November, 1880, he married Marie Felix Blanc, who died two years later. She was the daughter of the late M. Blanc, proprietor of the great Monte Carlo gambling establishment, and left her husband an immense fortune. Their only child, Princess Marie, married Prince George, brother of the late King Constantine of Greece, in 1907. Prince Roland was widely known as a geographer, explorer and ethnologist. He was formerly president of the Geographical Society and the International Aeronautical Federation.

After his declaration of Republicanism, Prince Roland was allowed to remain in France but spent most of his time in traveling to various countries on scientific expeditions. He was one of the collectors of the famous collection of the United States several times.

The Prince was a great admirer of American institutions and during the war made the declaration that while proud to be a Frenchman, the next best thing he could have wished was to be born a citizen of the United States.

Texas Land Probe Resumes

WASHINGTON, D. C., April 14.—(By the Associated Press)—The investigation of charges of land frauds in the Lower Rio Grande Valley of Texas, was resumed today by a special senate committee, with O. B. Williamson, post office inspector, on the trail.

James R. Pace, unofficial prosecutor, read a letter from the department of agriculture explaining the department's investigation of the land in the Rio Grande Valley and saying that it was not suitable for agricultural purposes. Pace said the letter was in the file of Williamson, but that Williamson made no effort to check the statements it contained.

George A. Hill, attorney representing R. B. Granger, Republican national committeeman, Texas, said this letter brought a committee from Texas to protest that it did not represent true conditions in the valley. The letter he said, latter was withdrawn.

Claim Records For Their Glides
STUTTGART, April 14.—(By the Associated Press)—Added interest has been given to the gliding contest to be held in the Rhine Mountains in late August by the records which two German engineers recently established in a flight from Sindelfingen, Heideberg. These men, M. Schrick and V. Von Langsdorff, used a glider equipped with a motor developing only seven-hundredths of one horsepower. They flew 75 miles and attained a height of 7,000 feet and were in the air for two hours and 25 minutes.

BONUS, TAXES, JAP SNARL PUT UP TO INDIVIDUALS

WASHINGTON, D. C., April 14.—(By the Associated Press)—The senate finance committee today voted to give the soldier bonus bill priority over the tax reduction measure on the senate calendar.

Chairman Smoot said he probably would ask the senate to take up the bonus measure on Wednesday or Thursday and indicated it would be needed by Saturday.

The revenue bill will be called up immediately after disposition of the bonus measure, the committee chairman said.

While no formal announcement was made, some senators said the conference had gone on record in favor of a basic quota of one per cent on the 1910 census. It also approved the amendment by Senator Reed, Republican, Pennsylvania, which would make the quotas based on origin of nationalities of the whole population, and limit the yearly total to 120,000.

The action of the conference is in no way binding on the senators who participated. They numbered 41 of the 51 members of the majority. None of the Republican insurgent group attended.

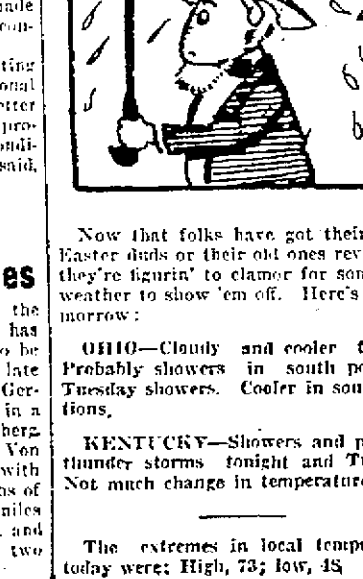

PINCHOT ADMITS HE SUGGESTED F. J. HENEY

HARTISBURG, Pa., April 14.—(By the Associated Press)—Governor Pinchot admits that he suggested Francis J. Heney, ex-counsel for the senate committee investigating the internal revenue bureau. The governor said last night he made the suggestion during a conversation with Senator George ever regarding prohibition enforcement.

He declared he had no personal purpose or animus in the matter but that what he was after was to "set the law enforced."

The governor said it was "high time to put an end to the corruption and inefficiency which exist in federal enforcement service." He added that since the service will not enforce the law the people are entitled to know the reason why.

Fliers Reach Seward, Alaska

SEWARD, ALASKA, April 14.—(By the Associated Press)—After cutting a day from its scheduled itinerary by flying direct to Seward from Sitka, without a stop at Cordova as originally planned, the United States Army Air Squadron making a globe encircling trip is at anchor in the harbor here preparing for the next stage of its journey, a flight to Chignik, Alaska, 450 miles from Seward. The time of departure hinges on weather conditions to be reported today.
The four planes reached Seward shortly after 5 o'clock yesterday afternoon a little more than seven hours after they hopped off from Sitka. There was much disappointment at Cordova, where the people, eager to give the aviators a rousing welcome, came to the hope that the air cruisers would swing in over the town from Katalina. Instead the fleet passed well off shore and was not sighted either at Cordova or at Cape Hinchinbrook.

At the request of King Christian, however, the Neergaard cabinet will continue in office provisionally.

SUNDAY BIG DAY AT FIRST CHRISTIAN

Just as predicted, Sunday was one of the red letter days in the history of the First Christian church, thanks not only to the enthusiastic efforts of the membership, but the earnest efforts of Evangelist Hugh Wray, who was at his best, and who at the close of the day had the satisfaction of seeing ninety-nine men, women and children step forward and take their stand for the church.

Starting with an attendance of 1175 in the Bible School, the day was off to a good start. Dr. Wray taught the lesson to the adult department, and at the close of a vivid presentation of the highlights of the world's history, the call for converts. Right on the first verse of song, fifteen big stalwart men stepped forward and from then until the close of the invitation song there was a steady tramp, tramp, tramp of feet as converts pressed forward to unite with the church.

The crowd Sunday night was the largest for years. It was necessary to open the entire down stairs, and even then many people were denied the privilege of good seats. Dr. Wray spoke on the subject "The Meanest Thing in Portsmouth" and

Bootlegger on Rampage

CHICAGO, April 14.—(By the Associated Press)—Alone in his home with his seven weeks' old son, Anton Umonok, reputed to be a bootlegger, exchanged scores of shots with besieging police yesterday on his farm at Hodgkins, Ill., before he was subdued. Crazy by moonshine liquor said to have been of his own distillation, Umonok threw his wife through a closed window, and hurled after her two children, Mary 11, and Tony, eighteen months. Mrs. Umonok who had been out by the glass, ran screaming to the neighbors. After Umonok had frustrated efforts of neighbors to remove the baby, an appeal for assistance was sent to Lagrange.

By firing rifles and shot guns from windows, Umonok kept the police at bay. He was captured after he had stepped out in front of the house and fired point blank at Chief J. G. Matthews, narrowly missing him. Three policemen then grappled with the mad man and shackled him. The baby lay crying but unhurt, in the crib.

Coolidge

(Continued From Page One)
Coolidge to pay out of his own pocket for the employment of Francis Heney to prosecute by investigation the Bureau of Internal Revenue which is in Mr. Mellon's department.

Even the Democrats admit that Secretary Mellon is not the usual type in governmental service and that his loyalty is not being questioned but they disapprove of the President's statement that Congressional committees should not undertake to inquire too closely into the workings of executive departments. For a long time, the executive has felt under this and preceding administrations that he could refuse information if "incompatible with the public interest," but the right of Congress to interrogate officials of the executive departments, especially before agreeing to appropriations is one that Congress is not likely to surrender without a fight.

Meanwhile, the President feels himself growing stronger within his own party for his message to the Senate was aimed at a Republican Senator—not a Democrat—and Mr. Coolidge had just won an overwhelming victory in the primaries of the very state from which Mr. Coolidge hails.

The effect of the President's triumph in the primaries of Illinois, Nebraska

and Michigan has been to stimulate his supporters but mostly to stiffen him in his own determination to assert a leadership over his own party. His opportunities are near at hand. The soldier bonus bill will come before the Senate next week. The Republicans probably will offer the same measure as passed the House—an endorsement insurance bill while the Democrats under Senator Simmons will propose an amendment making it a simple matter to convert the insurance certificates into ready cash. Under the latter plan the cost will be lighter. Mr. Coolidge has not given anyone the impression that he has changed the attitude expressed in his first address to Congress when he stated emphatically that he did not favor the granting of a bonus. Whether the bill can be made acceptable to him with amendments such as the Democrats are planning to add by means of a combination with insurgent Republicans is doubtful. The chances of a Presidential veto would appear to be growing stronger.

Tax legislation will have the right of way in the Senate but at almost any time a motion to put the bonus bill ahead may be adopted, chiefly because the present tax plan does not include in it any provisions for paying the bonus and Mr. Coolidge might have the same excuse that Mr. Harding did—that he would not sign a bill for which payment had not been arranged. It would not be surprising

if the Democrats succeeded in tacking the whole bonus bill on the revenue measure by using that argument.

Presidential politics in the Democratic party gets more confusing daily. The McClellan campaign is per-

You Pain May Be Neuritis

Many sufferers who are treating for rheumatism, neuritis, sciatica or sciatica are really afflicted with neuritis. This disease of the nerves causes pain, numbness and weakness in different parts of the body, just like the ailments mentioned above.

The most common sources of neuritis are colds, injuries, bruises, infectious diseases or a rundown nervous system. Long-standing cases of neuritis or sciatica frequently attack the nerves setting up inflammation and producing neuritis. No matter what its origin, neuritis is always accompanied by sharp, piercing pain, usually in the shoulder, forearm, neck, thigh, leg or back.

She Says:

"I Am Thin"

Her Friend Says:

"She Is Skinny"

If she only knew that she could put on at least 5 pounds of good, healthy flesh in 30 days she wouldn't be worrying about her peaked face and run-down looks. She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse than before.

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that make flesh, create appetite, build up the power to resist disease and chase away nervousness.

But it's horrible tasting stuff and every day fewer people are taking it for doctors are prescribing and the people are fast learning that they can get better results with McClellan's Cod Liver Oil Tablets, which Fisher & Streifel, Warster, Ross and Stewart's Cut Rate Drug Store and druggists all over the country are having a tremendous demand for.

It's a wonderful upbuilding medicine for children, especially after sickness, and sixty tablets only cost 50 cents.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days, your druggist will gladly return the purchase price.

POLITICS

From the Cincinnati Enquirer.
Reports from the Tenth Congressional District are that State Senator Thomas C. Jenkins, Ironton, is having a harder time in making up his mind about what to do in politics this year than has an anticipated "bachelor girl" in deciding which of two equally eligible suitors to take. Jenkins can have a second term in the State Senate or he can try for Congress against Israel M. Foster, Athens, Republican. Foster has held the seat for several terms, although the residents have a faint recollection that when he first was elected he did say something about standing for two terms and then retiring. In his own city the opposition faction is certain to help Foster, if Jenkins tries to beat him, and this is one of the factors that is keeping Jenkins from making his great life's effort.

Says New Method Heals Rupture

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, well known hernia specialist, of Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double rupture, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of the Times and Sun, who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.

Ten Reasons Why The Transportation Act Should Stand

- 1.—The Transportation Act is designed to stabilize the railway industry, permit reasonable returns within a fixed limit, insure more satisfactory service and foster further needed railway development, under the supervision and control of the Interstate Commerce Commission.
- 2.—The Transportation Act does not guarantee railroad earnings. It instructs the Interstate Commerce Commission to set fix rates as to permit the railroads to earn 5 1/2 per cent. on the value of their property, if they can. If they fail to do so, there is no redress. The Act limits the earnings to 6 per cent. on the value of their property, which is regarded as below the real value of the railroads today, stabilizes the business of railroading and prevents their bankruptcy which would be a calamity to a nation which depends upon railroads to maintain prosperity.
- 3.—The first year under the Transportation Act during which the railroads were able to operate under normal conditions was 1923. The adequate service rendered by the railroads last year is the most convincing argument in favor of continuing the Transportation Act without change.
- 4.—For years to come there must be an annual investment of new capital in the railroads of not less than \$750,000,000 if they are to meet the demands of the country's commerce. This capital cannot be obtained unless the railway business is stabilized as provided for in the Transportation Act.
- 5.—The Transportation Act is not the cause of present freight rates. The railroads have not earned the "fair return" contemplated since the Act became effective. In spite of this fact, the Interstate Commerce Commission has ordered material reductions in rates in the last three years and has the power to make further reductions.
- 6.—The provisions of the Transportation Act require the economic and efficient operation of the railroads under strict governmental view. Under the Act, the railroads have reduced operating expenses by approximately \$800,000 a day and have reduced freight rates 13 per cent. since 1921.
- 7.—The Interstate Commerce Commission's valuation shows that instead of being overvalued or burdened with "watered stock," the railroads are capitalized at less than their real value. Many railroads have been forced to reduce their dividend payments since the Act was passed and, in addition, have put borrowed money into improvements in order to serve the public better.
- 8.—The Transportation Act protects the public interest in railway transportation, and it is the only guarantee the public has that railroad rates will be regulated so as to provide the people of the United States with adequate transportation.
- 9.—The best interests of the public, the railroads and their employees will be served by the preservation of the Transportation Act in order that it may have a fair trial under normal conditions.
- 10.—For nearly twenty years the railroads have provided a subject for constant agitation, attacks and legislation. In their interest as necessary industries and in the interest of the public dependent upon their facilities they are entitled to a settled law and a rest.

Your Senators and Congressmen will be glad to know what you think about this, and the only way they can be guided by your views is for you to tell them.

W. J. HARAHAN, President,
The Chesapeake and Ohio Railway.

I am the mother of five children and have been through a lot of suffering and misery. For some time past I have been taking Ka-dik, and my condition today is better than it has been in years. I have been entirely free from rheumatism for some weeks. I have a good appetite; sleep well and my general condition is improved in every way. If my statement will influence other sufferers to try Ka-dik, I feel sure they will feel as grateful towards it as I do."

Extraordinary Paint Demonstration April 15, 1924 Come! See! Learn!

Would you dare iron a wet towel until dry on your dining room table? Visit our store and we'll show you how Neptunite Varnish withstands such abuse—how it scoffs at terrific heat—how it resists a temperature of 400 degrees.

Do you know how easily, quickly and cheaply you can refinish a table, stand or chair—give it a deep lustrous, beautiful grain finish? Then come in and let us show you how with Neptunite Varnish you can stain and varnish with one sweep of the brush. Do you know what a remarkable change a little paint will make in the appearance of your home? We'll be glad to tell you how for a very small cost you can affect a wonderful transformation in your home.

Ask The Paint Expert

We have a paint expert with us from The Lowe Brothers Company. He'll tell you about the four Neptunite Varnishes—why there are four Neptunite Varnishes where to use them and how they beautify and protect. He'll tell you about Mello-Gloss and Mello-Tone, the modern wall finishes—how their first day newness and beauty can be perpetuated with soap and water. He'll explain the economy that comes from using High Standard House Paint. And he'll make

some tests with these products that will open your eyes in wonderment.

Our Bigger Paint Service

We're conducting this demonstration for your benefit—so that you can see the quality of our paints and varnishes. But our service goes beyond just supplying you with cans of paint, brushes, putty, etc.

By arrangement with The Lowe Brothers Company we can offer you the services of their Decorative Department. The Lowe Brothers paint expert will get color schemes for the decorating of your entire home or only one or two rooms, without cost to you. Franklin Ave. M. E. Church News

The Enrollment Campaign at the Franklin Avenue church is gaining in momentum as the days go by. Yesterday was a full and happy day. The large Sunday School attendance as well as an unusual attendance at the morning worship was very gratifying. Before the sermon the pastor had the privilege of administering the sacrament of baptism to sixteen children and adults.

Every Man's Bible Class enjoyed the presence of Attorney R. F. Kimble, who in the absence of Judge Harry Ball, taught the lesson.

The music for the day was exceptionally fine. Besides the regular numbers rendered by the choir, a solo was sung by John Gee at the morning service, and the violin obligato and violin solo by Miss Adeline Wright at the evening service.

This evening at 7:30 o'clock there will be an evangelistic sermon and service conducted by the pastor, Rev. C. E. Severinghaus. Dr. John Mayer of Cleveland, the district superintendent, will arrive tomorrow morning and will deliver the messages each afternoon at 2:30 and evening at 7:30.

Services at Trinity During Passion Week

Dr. Walter H. Smith will preach in the vestry of the church on Wednesday evening at 7:30 o'clock, taking as his theme, "The Blood of the Human and the Divine in Christ." Mr. John H. McMillan will lead the song service. On Friday evening Dr. Smith will again preach in the vestry of the church, taking

as his sermon subject, "It Was For Me." Next Sunday morning a baptismal service will be conducted in the Sunday School session. A great class will be taken into membership in the church at the same time. There will be special music at all of these services appropriate to Passion Week and the Easter season.

Evangelistic Services Continue

Evangelistic services being held in the Bethel M. E. church on the West Side in charge of Rev. Chas. L. Thayer will continue this week. There have been many accessions and the services are well attended.

Pepgen Sales Break All Records; Many Tell of Relief

The sale of Pepgen at Fisher & Streich's Pharmacy on Saturday broke all previous records. Assistant arrives from Dayton Laboratory to aid in distribution.

"The sale of the new medical discovery Pepgen, which is being so highly recommended for stomach, liver and kidney ailments, is the biggest thing of its kind I have ever seen," said Mr. Phil M. Streich, head of Fisher & Streich's Pharmacy, where this medicine is being introduced. "The crowds who called on Mr. Young, who is here explaining the uses of this medicine, were so great on Saturday that he has wired Dayton, the home of the Pepgen laboratory, to have 1 of his assistants come here to assist in the distribution."

Many well-known local citizens are coming in every day to tell how this tonic has relieved them of long-standing ailments. Among the interesting cases which came to light yesterday was that of Mrs. C. E. Johnson, of 1310 Franklin avenue.

"For the past two years or more," said Mr. Johnson, "my wife has been suffering with pains in her stomach

and side after meals. It seemed like everything she ate would disagree with her. A gas would form in her stomach and cause her to have a full bloated feeling."

"She became nervous. Often at night it would be hours before she could get to sleep. "About three weeks ago one of my friends recommended this Pepgen that is being sold at Fisher & Streich's. It seemed to be so highly recommended by Portsmouth people that she decided to try it."

"Pepgen has surely worked wonders for her. She is in better health than she has been in years. Her appetite is fine and she never complains of having any trouble with her stomach. She sleeps fine every night and is up in the morning feeling fresh and rested. I am glad to recommend Pepgen because of the good it did my wife."

The genuine Pepgen is packed in a white and blue carton and may be obtained in Portsmouth only at Fisher & Streich's Pharmacy, cor. Sixth and Chillicothe streets.—Advertisement.

National Guard Units Are Ordered Mobilized; Local Men Get Call; Designed as Test of Fitness

COLUMBUS, April 14.—Fifteen thousand, eight hundred and seventy men and 1100 officers of the National Guards of Ohio, Indiana, Kentucky and West Virginia, will be under arms today for a test of fitness. The units are to be mobilized simultaneously under an order issued here today by General Dwight Austin, acting commander of the Fifth Corps area, with headquarters at Fort Hayes here. It is designed simply as a test of fitness.

The men are to assemble in their homes at 7 p. m. and stand ready for call at 7:30. The mobilization will be the first ever held in the country and is preparatory to a general mobilization of guard units of the country possibly next September.

The guard units tomorrow will receive inspection and instruction by regular army officers, scattered throughout the area. In Ohio inspection will be made at 25 stations; in Indiana at 18; in Kentucky at 20 and in West Virginia at 14.

The number of men and officers who will be under arms tomorrow in the four states are:

Ohio, 7,618 men, 530 officers; Kentucky, 2,623 men and 183 officers; West Virginia, 1,418 men and 81 officers; Indiana, 1,511 men and 308 officers.

The thirty-seventh division includes two local units, Battery B, 134th Field Artillery, and Company B, 134th Infantry, and Captain Theodor Matthews and Gary Williams have ordered the units to mobilize at the armory at that hour.

All members of these two units must report at the armory Tuesday evening at 6:30 in full uniform, ready to move. Men who fail to obey this order will be liable to prosecution.

The mobilization order has been issued by telegram and radio to all units. It is for test purposes, the war department being anxious to see how quickly the national guard units could be mobilized in case of necessity.

The mobilization does not take the place of the regular drill period, the local officers explained today, and the local units will receive final instructions at drill at 7:30 tonight.

\$18,000.00 of the goal of \$22,000.00 to liquidate the indebtedness of the First United Brethren church, corner Seventh and Gay streets, was secured at the rally services conducted at the church yesterday. The pledges cover a period of three years and bear interest at the rate of 6 per cent from date. The total comes within three hundred dollars of reaching the amount subscribed in personal pledges on the day of dedication in 1918. \$2,200 were pledged by the various organizations, making a total of \$21,200 in interest bearing pledges for the day's effort. The remaining \$1,800 were assumed by the Ladies' Aid and Otterbein Society with the understanding that the effort for additional personal pledges is to be continued, the amount to reduce the \$1,800 deficit assumed by the ladies' organization.

Langley Trial Set For April 28 In Washington

WASHINGTON, D. C., April 14.—(By the Associated Press)—The trial here of Representative John W. Langley, of Kentucky, on charges of conspiracy in connection with liquor withdrawals was fixed tentatively today for April 28.

The court announced that the case would be called on that date or as soon thereafter as it was found possible to conclude any other trial then in progress. Mr. Langley is to be tried on similar charges this week in Kentucky.

Henry E. Davis, attorney for Langley, characterized the government's action in asking further delay in setting a trial date here as "persecution." He said Langley is in Cincinnati prepared to go to Covington tomorrow. Through former Justice O'Rear of the Kentucky court of appeals his counsel will ask for a transfer of the case to Collettsburg, which is nearer home Davis said.

In the event of a transfer of the case a delay might occur which would throw it over until May, the attorney argued and for this reason he asked an early trial of the case against his client here.

CINCINNATI, O., April 14.—(By the Associated Press)—Congressman John W. Langley, of Kentucky, was arraigned in Cincinnati today to give bond for his appearance in the federal court in Covington, Ky.

He and five others are accused of conspiring to defraud the government in the alleged removal of 1,400 cases of whiskey from the Belle of Anderson Distillery, near Lawrenceburg, Ky., in 1921. Langley's trial has been set for tomorrow, but Sawyer A. Smith, United States district attorney, said the government was not ready for the hearing and witnesses have not yet been subpoenaed. Langley arrived in Cincinnati yesterday.

French Government and Municipal Issues Up; Weakness Shown in Industrial Obligations
